

LBCCFA's Monday Morning Message- 03 June 2019

Did You Know?

- In today's Rep. Council Spotlight:

- Name: Emily Barrera

- Department: Learning and Academic Resources
- Year arrived at LBCC: "I have been working at LBCC for ten years."
- Favorite topic to teach: "In my role as an Instructional Specialist I get the unique opportunity to work with faculty from across many disciplines to design learning assistance for their students. My latest projects have been to update materials for Culinary and Food and Nutrition so I have been reviewing AP and EP yields and chicken fabrication. When I have taught Learn 11 I love teaching students time management and motivation strategies."
- Department brag: "Learning and Academic Resources is a very student-centered department and my colleagues' dedication to students inspires me daily. We assist students in so many ways we realize that it's hard for everyone to understand all that we do. Basically, if your students needs academic support send them to LAR!"
- Free-Time: "I don't have much free time with a 1 and 3-year old at home but I do like yoga, cooking, hiking, gardening, and doing home improvement projects."

- **The therapy dogs at LBCCFA's end-of-semester de-stress event were a big hit! It was great to see members and students interacting with the pups!**

- **If you have yet to finalize summer vacation plans, don't forget that CTA members are eligible for a wide variety of travel discounts! Click [here](#) to learn more.**

Upcoming Events:

- **LBCC All-College Commencement Day Reception**
 - LAC: Thursday, June 6, 2 PM – 3:30 PM, T-1200
- **LBCC Commencement Ceremony at Viking Stadium**
 - Faculty need to be lined up by 3:45 PM on the east side of the stadium

This Week in Labor History:

On June 4th, 1912, the Commonwealth of Massachusetts became the first state in the Union to enact minimum wage legislation! Click [here](#) to read more about the history of the minimum wage in MA on the state's official website.

Respectfully,

Your LBCCFA Executive Board
